ACTIONS FOR THE ENVIRONNEMENT

Selective sorting

A selective sorting bin is available on the ground floor.

Water and energy saving

Let's protect the planet together. Every day, millions of litres of water are used to wash sheets and towels that have only been used once. Help us to protect the planet: if you do not want your sheets to be replaced, let us know at the reception.

Our establishment implements actions in favor of the environment, in particular by using LED bulbs, shower and tap flow limiters, automatic detectors, etc.
